

NATIONAL CONVENTION OF EDUCATORS OF DEAF - NCED

ABOUT US: The National Convention of Educators of the Deaf – India (NCED-India) is a national association of special educators, teacher educators, and allied members dedicated to improving the education of children with hearing impairments. Established in 1935 as the Convention of the Teachers of the Deaf (CTDI), it became a registered society in 1995. With its head office at Ali Yavar Jung National Institute for the Hearing Handicapped in Mumbai, NCED-India has state chapters that hold regular meetings and conferences to address regional educational issues. NCED-India aims to enhance educational services for children with hearing impairments by empowering teachers and disseminating best practices through annual conferences across the country.

THE BACKDROP: NCED – India, through its state chapters holds an international conference every year. These conferences catch the pulse of the rehab world in terms of relevant contemporary themes, excellent academic inputs and international resources persons. NCED is the only national level body bringing together the special educators of the deaf in the country. Local state governments and relevant central Govt bodies like Ali Yavar Jung National Institute for the Speech and Hearing (Divyangjan) support this conference in various ways. Rehabilitation Council of India approves credit points for participation and presentations during the conference by announcing it to be a Continuous Education Program – CRE.

The footfall is generally well over 400 special teachers across the country. Allied professionals like speech and hearing professionals, mainstream teachers, psychologists, ISL interpreters etc too are involved in adequate number. Media covers the event extensively. NCED publishes its report and brings out a souvenir after the conference. This too is well circulated in the
